

A high-angle, front-quarter view of a dark-colored Audi car, showing the grille with the four interlocking rings logo and the license plate area. The image is overlaid with a semi-transparent red filter.

# **FUEL TREATMENTS**

for both Diesel & Petrol Engines.

# FUEL TREATMENTS

## ECOMAX

Available for both petrol and diesel engines these Ecomax treatments are beneficial to all road cars.

### BENEFITS INCLUDE:

- Improves fuel economy & efficiency
- Cleans injectors
- Reduces emissions
- Maintains clean conditions within the engine and fuel system
- Cost effective
- Convenient to use

### PETROL Code 6205

- Petrol Power Ecomax is an octane booster and detergent package adding up to 3 octane numbers\* to unleaded fuel
- Reduces combustion chamber deposits and improves inlet manifold and valve cleanliness
- Reduces emissions, maintains catalyst efficiency and may invigorate catalytic converters

Treatment rate is 1 part Ecomax to 1000 parts fuel (1ml/l)  
Available in **500ml (6205)** multishot bottle which treats 10 x 50L tanks and a **250ml (6207)** one shot bottle  
\*the 500ml adds up to 2 octane numbers

### DIESEL Code 6204

- Diesel Power Ecomax is a cetane booster and detergent package adding up to 5 cetane numbers\* to fuel
- Reduces combustion chamber deposits, reduces the possibility of DPF blockage and also enhances lubricity

Treatment rate is 1 part Ecomax to 1000 parts fuel (1ml/l)  
Available in **500ml (6204)** multi-shot bottle which treats 10 x 50L tanks and **250ml (6206)** one shot bottle  
\*The 500ml adds up to 4 cetane numbers

## HYDRAULIC & BRAKE FLUID

### LHM PLUS CODE: 5488

A green mineral based hydraulic fluid specially developed for Citroën cars. Miscible in all proportions with LHM (Liquide Hydraulique Mineral) and the mineral hydraulic fluids which match the old Citroën specifications

PSA B71 2710  
Ford ESN M6C 59A  
ISO 7308

### UNIVERSAL BRAKE FLUID DOT 4

#### CODE: 5391

A high boiling point brake fluid for all braking systems where a non-mineral fluid is required. Suitable for use in anti-lock brake (ABS) systems.

SAE J 1703, FMVSS 116 DOT 4

### PERFORMANCE DOT 5.1 CODE: 7977

A long life fluid for all types of hydraulic actuated brake and clutch systems requiring this specification. Highly suited for ABS systems.

US FMVSS 116 DOT 5.1, DOT 4, DOT 3  
SAE J 1703, J 1704

## TREATMENTS

Millers Oils is one of the very few lubricant companies that also specialises in treatments. Our range is extensive, with products available for each sector of motoring to support a whole range of vehicles.

Treatments are packed with enhancing and boosting qualities to bring your engine back to life. Long term benefits include improved response times and better fuel economy.

For a 'good as new engine', try Millers Oils premium treatments.

### INJECTOR CLEANER Diesel Code 7627 Petrol Code 7628

Maximum strength, highly concentrated cleaning agent developed to remove deposits from diesel/petrol fuel injection systems. Benefits include reducing engine emissions, improving torque, power, poor throttle response and rough idling as well as improving fuel economy

Treats 60 litres. Available in 250ml

### STOP LEAK Code 5619

- A high quality product which can be added to engine or gear oil to help minimise leaks in all cars and light vans with petrol or diesel engines, gearboxes and axles
- Helps maintain oil tightness in old or leaky seals

Available in 250ml

### DIESEL PARTICULATE CLEANER AND REGENERATOR Code 7795

- A one shot diesel additive designed to clean diesel particulate filters (DPFs) by reducing the regeneration temperature required to allow trapped soot particles to be burnt off
- Ensures a cleaner more efficient DPF restoring engine power and fuel economy
- One 250ml bottle treats 60 litres of fuel
- Can be used more frequently if DPF blocking is a problem

Available in 250ml

### ENGINE FLUSH Code 5777

- A non-solvent based high detergent engine flush which should be added to the engine oil before a drain and refill is due to take place
- Suitable for use in all cars and light vans with petrol or diesel engines
- Removes sludge and deposits from inside the engine
- Maintains the internal cleanliness of your engine, reduces wear and increases engine life

Available in 250ml

## WHICH OIL?

---

The popular Millers Oils 'Which Oil?' guide can be found on our website. We want to make sure that people know which oil to use and the oil selector makes that very easy. Users can find out which oil they need by either entering their registration plate or typing in the make and model.

To use our Which Oil? guide visit: [www.millersoils.co.uk](http://www.millersoils.co.uk)
